

Annual Notice Regarding Non-VISA Pinless Debit Transactions

You may use your VISA debit card to initiate both VISA debit transactions and non-VISA debit transactions without using a personal identification number (PIN) to authenticate the transactions. To initiate a VISA debit transaction, you may sign a receipt, provide a card number, or swipe your card through a point of sale (POS) terminal and choose to route the transaction over a VISA network.

To initiate a non-VISA debit transaction, you may enter a PIN at a point-of-sale terminal, or for certain bill payment transactions, provide the account number for an eCommerce or mail/telephone order transaction after clearly indicating a preference to route it as a non-VISA transaction. We have enabled non-VISA debit transaction processing on the PLUS, Pulse, CU24, ACCEL/Exchange, and the CO-OP Network(s).

The rights and protections are applicable only to VISA debit transactions, including additional consumer liability limits and streamlined error resolution procedures, as described in your Electronic Funds Transfer Agreement and Disclosure will not apply to transactions processed through non-VISA networks.

Please contact CCU with any questions you may have regarding this notice.
