Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-In-Savings Disclosure are share accounts.

- Rate Information.** The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For all accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the initial term of the account. For accounts subject to dividend compounding, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.
- Dividend Period.** For each account the dividend period is the account's term. The dividend period begins on the first day of the term and ends on the maturity date.
- Dividend Compounding and Crediting.** The compounding and crediting frequency of dividends are stated in the Rate Schedule.
- Balance Information.** The minimum balance requirements applicable to each account are set forth in the Rate Schedule. To open any account you must deposit or already have on deposit at least the minimum required share(s) in a Share account. Some accounts may have additional minimum opening deposit requirements. For all accounts, dividends are calculated by the Average Daily Balance method, which calculates dividends by applying a periodic rate to the Average Daily Balance in the account for the dividend period.

- Accrual of Dividends.** For all accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, accrued dividends will not be paid.
- Transaction Limitations.** For IRA Certificate and Health Savings Certificate accounts, after your account is opened, you may make withdrawals subject to the early withdrawal penalties stated in the Penalties section. For Certificate accounts, after your account is opened, you may make withdrawals of principal from your account subject to the early withdrawal penalties stated in the Penalties sections. Withdrawals of credited dividends may be made without penalty.
- Maturity.** Your account will mature as stated on this Truth-In-Savings Disclosure or on your Account Receipt or Renewal Notice.
- Early Withdrawal Penalty.** We may impose a penalty if you withdraw any of the principal before the maturity date.
 - Amount of Penalty.** For all accounts, the amount of the early withdrawal penalty is based on the term of your account. The penalty schedule is as follows:

Terms of less than 12 months	90 days' dividends.
Terms of less than 25 months	180 days' dividends.
Terms of less than 36 months	365 days' dividends.
Terms of 36 months or longer	730 days' dividends.

b. How the Penalty Works. The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividend has already been paid, the penalty will be deducted from the principal

c. Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances:

- (i) When an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction
- (ii) Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after the establishment; or where the account is a Keogh Plan (Keogh) provided that the depositor forfeits an amount of at least equal to the simple dividends earned in the amount withdrawn; or where the account is an IRA or Keogh and the owner attains age 59 ½ or becomes disabled.
- (iii) With proof of medical emergency.
- (iv) Secondary Education Expenses.

9. Renewal Policy. The renewal policy for your accounts is stated in the Rate Schedule. For all accounts, your account will automatically renew for another term upon maturity. You have a grace period of ten (10) days after maturity in which to draw funds in the account without being charged an early withdrawal penalty.

10. Nontransferable/Non-negotiable. Your account is nontransferable and non-negotiable.

11. Membership. As a condition of membership, you must purchase and maintain the minimum required share(s) and pay a nonrefundable membership fee as set forth below.

Par Value of One Share	\$5.00
Number of Shares Required	1
Membership Fee	\$5.00~Not required for members under 18 years old

The rates appearing in this Schedule are accurate and effective for accounts as of the Effective Date indicated on this Truth-In-Savings Disclosure. If you have any questions or require current rate and fee information on your accounts, please call the Credit Union.

ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

- 1. RATE INFORMATION** - The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For all earning accounts, the Dividend Rate and Annual Percentage Yield may change at any time as determined by the Credit Union's Board of Directors. The Dividend Rates and Annual Percentage Yields are the prospective rates and yields that the Credit Union anticipates paying for the applicable dividend period. The Savings, Money Market Savings, Serious Saver, Money Master, Extreme Teen, Premium Savings, Premium Checking, and IRA Super Saver accounts are tiered rate accounts. The balance ranges and corresponding dividend rates and annual percentage yields applicable to each tier are disclosed in the Rate Schedule. For Savings, Money Market Savings, Money Master, Extreme Teen, Premium Savings, Premium Checking, and IRA Super Saver accounts, once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account. For Serious Saver accounts, each dividend rate will apply only to that portion of the account balance within each balance range. *The Free Checking Plus and Student Checking account are tiered rate accounts. If your average daily balance is \$5,000.00 or below and you meet all of the following minimum service requirements during the calendar month, the first dividend rate and annual percentage yield listed for these accounts in the Rate Schedule will apply for the dividend period: 1) you complete a minimum of 20+ debit card transactions per month; and 2) you are enrolled in e-statements. If your average daily balance is greater than \$5,000.00 and you meet all of the minimum service requirements, the second dividend rate and range of annual percentage yields listed for these accounts will apply for the dividend period. Each dividend rate will apply only to that portion of the account balance within each balance range. If you do not meet all of the minimum service requirements during the calendar month, the third Dividend Rate and Annual Percentage Yield listed for these accounts will apply to the entire balance in the account. Requirements will be determined from the 1st day of the month to 5:00 pm on the last day of the month. All posted debit card (signature and personal identification number (PIN)) transactions will be counted and ATM transactions are excluded.
- 2. NATURE OF DIVIDENDS** - Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.
- 3. DIVIDEND COMPOUNDING AND CREDITING** - The compounding and crediting frequency of dividends and dividend period applicable to each account are stated in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.
- 4. ACCRUAL OF DIVIDENDS** - For all earning accounts, dividends will begin to accrue on non-cash deposits (e.g. checks)

on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, you will not receive the accrued dividends. However, for Holiday Club accounts, any accrued dividends will be paid if you close the account within seven (7) days of the date you open it.

5. BALANCE INFORMATION - To open any account, you must deposit or already have on deposit the minimum required share(s) in a Regular Shares account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Premium Checking, Clear Advantage Checking and Clear Checking for Seniors accounts, there is a minimum Daily Balance required to avoid a service fee for the dividend period. If the minimum daily balance is not met during the dividend period, there will be a service fee as stated in the Rate Schedule. For Savings, Money Market Savings, Serious Saver, Money Master, Extreme Teen, Premium Savings, Premium Checking, Clear Advantage Checking, Clear Checking for Seniors and IRA Super Savings accounts, there is a minimum Average Daily Balance required to earn the Annual Percentage Yield disclosed for the dividend period. If the minimum average daily balance is not met, you will not earn the Annual Percentage Yield stated in the Rate Schedule. For accounts using the Average Daily Balance method as stated on the Rate Schedule, dividends are calculated by applying a periodic rate to the Average Daily Balance in the account for the dividend period. The Average Daily Balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.

6. ACCOUNT LIMITATIONS - For all Savings, Money Market Savings, Serious Saver, and My Club, Escrow and Premium Savings accounts, you may make no more than six (6) transfers and withdrawals from your account to another account of yours or to a third party in any month by means of a preauthorized, automatic or internet transfer, by telephonic order or instruction, or by check, draft, debit card or similar order. If you exceed these limitations, your account may be subject to a fee or be closed. For Holiday Club accounts, the entire balance will be transferred to your savings account on or after November 1st and the account will remain open. For Holiday Club accounts, a fee as disclosed in the Fee Schedule will be imposed for any withdrawals or if the account is closed prior to November 1st. However, for Holiday Club accounts, any accrued dividends will be paid if you close the account within seven (7) days of the date you open it. For Money Master and Extreme Teen accounts, you must be under age 18. Money Master and Extreme Teen accounts must be held as joint accounts with a person over age 18. For Serious Saver accounts, you may make one (1) withdrawal from your account per calendar year. For any withdrawals in excess of one (1) per calendar year, you will be charged a fee as disclosed in the Fee Schedule. Exceptions may be made for medical emergency, education, or a death in the family. For Founders Checking, Budget Checking, Escrow Checking, Premium Checking, Clear Advantage Checking, Clear Checking for Seniors, HSA Checking, Free Checking Plus, Student Checking, and all IRA accounts, no limitations apply.

7. FEES FOR OVERDRAWING ACCOUNTS - Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and one-time debit transaction (if member has consented to overdraft protection plan for ATM and one-time debit card transactions), preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Funds Availability Policy Disclosure for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item or transaction. If we have approved an overdraft protection limit for your account, such fees may reduce your approved limit. Please refer to the Fee Schedule for current fee information.

For ATM and one-time debit card transactions, you must consent to the Credit Union's overdraft protection plan in order for the transaction amount to be covered under the plan. Without your consent, the Credit Union may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the document the Credit Union uses to capture the member's opt-in choice for overdraft protection and the Schedule of Fees and Charges.

8. MEMBERSHIP - As a condition of membership, you must purchase and maintain the minimum required share(s) and pay a nonrefundable membership fee as set forth below.

Par Value of One Share	\$5.00
Number of Shares Required	1
Membership Fee	\$5.00~Not required for members under 18 years old

9. RATES - The rates appearing in this Schedule are accurate and effective for accounts as of the Effective Date indicated on this Truth-in-Savings Disclosure. If you have any questions or require current rate and fee information on your accounts, please call the Credit Union at (321) 690-2328 or (800) 690-2338.
